

## Bobby Briggs

### Wicca Phase Springs Eternal

I think I'm Bobby Briggs, 90s chopper  
I think I'm floatin' on the water, call me Laura Palmer  
Call me Ayanami  
Find me drinkin' Fiji water while the lights are on me  
And my eyes are violet  
And my tongues a saber  
And the visions faded  
I'm the perfect body, pleadin' for you girls to save me  
Let me touch your legs and your legs  
Sick me on your bleedin' body like its meat I crave...  
Let me touch your legs, final crisis  
Can I tether to the system with no one behind me?  
Am I hot or is it just the icy bodies by me?  
I think I'm perfect in the 5th dimension, Springs Eternal  
How this Phase Springs Eternal, I think I'm springs eternal  
I found 2 bodies in my bed, I think I'm dead forever  
I think there's 2 of me  
I think there's 2 of me  
I think I'm here with Audrey  
I think I'm Laura Palmer...

So do the dance  
Call my number
