

Choker Choker

Wicca Phase Springs Eternal

'Til I wrap her up I'ma put it through her
Tongue up on my neck, bae, you know I'll do you
I'm a deader version christ, man, I'ma ruler
I think I'm Frieza, baby
Maybe I'ma cooler
Shut up, shut up, man
I'ma choker, choker
See me ridin' high while she rides my shoulders
See my silhouette like the cold will fold you
I'm passing out, body's movin' slower
Ya I look bad as hell
Caught me back, but you know me well...
Let me see hard mirage
I'm like back to you and it pulls me hard
Let me see sand like ice...
Cool me, my stunner
Let me see violence still
Come on, come on that's my runner
And I know things are good
I won't hold you back or keep you still
Everythings all cement
And I'm back to you like I believe that shit
I'ma be asleep for now
I don't think you can leave me now
'Cause I'm coolest still
Like chosen one
Corinthiax
My ego's black

And I sold my soul
Ya I paid for that...
