

## I See You As A Dove

Wicca Phase Springs Eternal

Most times I find you're indifferent  
To a hardcore love that's never endin'  
Where's my eagle soul existin'?  
Hard to find, am I alive?  
Black stone diamond, die easy  
I'ma keep that 'til my heart is restin'  
There's a girl that's out to get me  
Hard to find, yeah, I don't mind  
Most of the time, I'm blessed

Guaranteed free from arguments  
If it comes to me, then I'm fine  
Don't you leave me alone tonight  
Heat-seekers on, find me in your debt  
Castrated rhythms, from your back to your chest  
There was a vision of you sleepin' in my bed  
Want it like that, need her 'til the end  
You might see me on or off one  
In the back room there with Ben and Horse Head  
Stone cold love, comes straight to L.A  
'Cause I flew my girl to California  
See you as a dove when I'm off the candy  
That's a gift from most, I'll lay on Friday  
Heart beats fast in new surroundin's  
And the late-night calm meets expectations

Most times I find you're indifferent  
To a hardcore love that's never endin'  
Where's my eagle soul existin'?  
Hard to find, am I alive?  
Black stone diamond, die easy  
I'ma keep that 'til my heart is restin'  
There's a girl that's out to get me  
Hard to find, yeah, I don't mind  
Most of the time, I'm blessed
