

# I'll Answer The Call (Actual One)

Wicca Phase Springs Eternal

Past is a secret so that I couldn't see it  
See it's there but it's really not there  
Black in the way you see my eyes for no reason  
Why I bled, just to show you that I'm real  
I saw the sign within me  
Actually manifesting  
I felt the demon unveiled  
I saw club lights be the sirens  
I made bad mistakes when I'm in the back with you

I was baptized in a bath with you  
I walked the narrowest path with you  
I'll try to make this a lasting one  
I learned to breathe and react to you  
I've seen the sunset on everyone  
I credit this to my pact with you  
I'll see my life as a passionate one  
I'll answer the call  
An actual one

And now that I can't see  
It's like you're punishing me  
Describe it all to me  
Paint it so vividly

And I call  
Keeping to the outside  
And maybe I'll crawl back  
Everything comes in threes

Found is how I can be your purpose  
I will be perfect  
I will not leave  
Black is the magic of the A.I  
Totally convincing  
I cannot breathe  
Hard is the way I fell in love here  
I can be honest  
Baby I believe  
I took one hand of the siren  
I've abandoned all and I'm in the back with you

I was baptized in a bath with you  
I walked the narrowest path with you  
I'll try to make this a lasting one  
I learned to breathe and react to you  
I've seen the sunset on everyone  
I credit this to my pact with you  
I'll see my life as a passionate one  
I'll answer the call  
An actual one
