

(Somebody call the doctor)

In the part of my apartment  
I'm like keeping sweating  
Keep diving  
Keep giving  
My body  
Straight swimming  
Black water  
Keep drinking  
I was off the taste  
Of like yr tongue  
High body x cold stunner  
I kno you only like it  
When it's loud  
But I'm still shaking from  
Yr mouth  
And I was grabbing at yr hair again  
I was riding on the belly wave again  
So please accept my body  
Please relax me steady  
We were out there out there  
I want to see why yr body keeps shaking  
I was so cold I know  
Could'ntfeel yr thighs anymore  
And in a black stare black stare  
I want to feel yr legs when yr coming  
And I'm so sure for sure so sure  
I'm in it bae  
Everything around is always tying back  
To me elusive in the sauna and I'm shooting  
In my sleep  
Fine like a sadder kind of feelings running deep  
But the baby keeps on coming like shes running  
Over me  
I was the silhouette  
I kno I'm wild  
But the passion is getting hotter yet  
It's me yr dreamer boy  
I am the icey bb  
I am the needle bb  
I am the sleeper tree  
Backed up on yr bleeding  
While I'm grabbing at yr hair again  
While I'm riding on the belly wave again  
So please accept my body in folds  
Please relax me steady x too cold  
We were out there  
Out there  
I wanna see why yr body keeps shaking  
I was so cold I kno I could'ntfeel yr  
Thighs anymore...
