

## Puritan Prince Of Pain

Wicca Phase Springs Eternal

I'm following the long dirt road  
1690s' baby  
Solomon among the hosts  
The name that guides me baby  
Shadow is a tall black horse  
Never lead into temptation  
Moonlight on the far black shore  
Shimmers as it calls me forth

You think that I've been sinning?  
Impossible  
I've been staying up late  
Trying to redeem in the night  
Trying to purify with the rain  
My cup floweth  
My heart is cold  
I have the seen the spirit of the lake  
I have seen the angel at night  
I have seen the flash in your eyes  
I have seen the heart as it breaks

Say if there is fear when you pass me  
Say if you're afraid when you see me out  
I have overcome my emotion  
Now that I know what I want I want it now  
I have been alone in the open  
I have been away from that sinful town  
Now I'm coming home, and I've changed my name  
I'm the puritan prince of pain

Kindle midnight's fire  
Tempering desire  
Baptize in the flame  
I'm the puritan prince of pain  
Twilight of the pious  
Message sent from high  
If you know my name then say it  
I'm the puritan prince of pain
