

When Will It End

Wicca Phase Springs Eternal

And I can't get an answer
When I'm high at the mixer
I found what I'm good at
It's you and I'm on that
No, girl, I'm a live wire
What's death but an option
What's love separation
2011
Wicca Phase Springs Eternal

And you like the pull from the back
You like to be on the attack
What's love dedication?
2011
You liked my songs in the past
You used to like when I talked to you bad
I found what I'm good at
It's you and I'm on that
(GothBoiClique)

When will it end?...
When will it end?...
Know I'll always get back to you
I'm so sick of that attitude
I don't need anymore
When will it end?
Can I want my baby and have her too?
I'm so sick of that attitude
When will it end?...
When will it end?...
Know I'll always get back to you
I'm so sick of that attitude
I don't need anymore
When will it end?
Can I want my baby and have her too?
I'm so sick of that attitude
