

Small Town

Widespread Panic

Mississippi said
I've tried defying gravity
Dancin' on rooftops
And falling upstairs
Hey y'all

Summer days
Small town

Calling all cars
Cousin Lucky's on the loose again
Running the red lights
And stopping for greens
Hey y'all

Summer days
Small town

Hot southern nights
Backroads full of memories
Genie in a bottle
Makin' wishes come true
Hey ma (Hey pa)

Summer days
Small town

Mr. Petty said
Pardon my humanity
Speakers are squealing
Running down dreams
Hey y'all (Hell bound)

Summer days
Small town
Summer days
Small town

Small town
Small town
