

Walkin

Widespread Panic

Walkin' - for your love
Walkin' - for your love
Walkin' - for your love
Walkin' - for your love

I'm only going where my eyes are going
I'm only going where my toes are pointed
I just bought me this new pair of big shoes
I'm only going if I can walk there with you

Shinin' - for your love
Shinin' - for your love
Shinin' - for your love
Shinin' - for your love

I'm afraid to open my eyes
I'm even afraid to look at you
Right here - I'm gonna open my eyes
I'm gonna move with you

Disappearin' - for your love
Disappearin' - for your love
Disappearin' - for your love
Disappearin' - for your love

We're only going in this closet here
I'm only going if the doorknob turns
I'm only going if the light goes on
I'm only going if I can boogie with you
