

## Breadwinner

Widowspeak

Baby, you gotta quit that job  
'Cause your boss is a jerk  
Go on and take the time off  
And I'll do the work  
I'll be the breadwinner  
I'll go instead  
I'm early to rise  
You can stay in bed

Always, always  
Bringin' your work home  
Always, always  
Bringin' your work home

Is this how you spend the time?  
Vacations you can't take  
Is this how you count the hours?  
The ones when you're awake

Oh, met a man who never worked  
Oh, you and I will always work

Always, always  
Bringin' your work home  
Always, always  
Bringin' your work home  
Always, always  
Bringin' your work home  
Always, always  
Bringin' your work home
