

I've seen girls younger than me
Doing things that I've never done
See these girls and think in terms
Of who lost and who won

And I'm slow enough for a while
And I was sure enough for a while

Further from my wilder years
I get kinder to the younger girls

I've seen girls younger than me
So sure of what they want
And it gets harder to focus in on
What I wanna focus on

And I'm slow enough for a while
And I was sure enough for a while

Further from my wilder years
I get kinder to the younger girls

Further from my wilder years
I get kinder to
Further from my wilder years
I get kinder to the younger girls

I've seen girls
I've seen girls
I've seen girls
I've seen girls
