

Money

Widowspeak

Will you get back what you put in?
It's too late to start over again
To earn your living, it's worth forsaking
All is forgiven and free for the taking

Money doesn't grow on trees
Money

You'll be true to some part of yourself
A person buys and a person sells
It's only a sound investment, you're trying to survive
Anything you imagine can happen, what a time to be alive

Money doesn't grow on trees
Money doesn't grow on trees
Tune out platitudes like these:
Money doesn't grow on trees

Money doesn't grow on trees
