

## The Dark Age

Widowspeak

I wait here, in the dark with you  
Secrets, in the dark age  
He go right, days, and the heart cold  
He comes slowly, on the winning team

Will be hard, he says to me  
Will be hard I used to be  
In an ocean used to sing  
Gotta keep your story straight  
And it's getting caught when  
You don't know what you're waiting for

Somewhere in the dark with you  
Keep me here, in the dark age  
Holding,.. with me, on me  
I'll stay, if you'll tell me to

Will be hard, he says to me  
Will be hard I used to be  
In an ocean used to sing  
Gotta keep your story straight  
And it's getting caught when  
You don't know what you're waiting for

Somewhere in the dark with you  
Keep me here, in the dark age  
With you
