When I'm up in these streets I can't let no shit slide  
They talkin' down on my gang, it's somethin' I don't advise  
If I crack a seal, pop a pill, then I catch a damn vibe  
I barely seen all my dogs, droppin' like dead flies  
Man, I'm dirty dancin' with pole, what I don't win  
Mama told me get out that water, know that I don't swim  
And I play for keeps, ain't for the weak, I'm on my own shit  
And I'm tryna fuck a yellowbone and make the dome split

I just bought a Audemar Piguet, I'm a rich nigga lately  
Wool tips in the shot, we hittin' them thots, come fuck with ba  
by  
I was runnin' that back, servin' out them Xans, the whole block  
hate me  
Come see my life, no HD, they was bitin' on me, no rabies  
I done put that 'Tech inside of my Sprite now, I see red inside  
of my eye  
Gotta thick redbone and thunder thigh, this street shit left me  
traumatized  
Know that she want me to claim, but I gotta make sure that it's  
bonafide  
I don't see no goddamn rings and no last name so I don't come w  
ith a tie
