

# HUMAN FIRE

Wig Wam

Me, a human fire

Tell my father I won't be back  
Tell my mother I found my way  
Tell my lover that it's a wrap  
Tell my maker I couldn't stay  
My life's at stake

I'm dancing with danger  
Walking on razors  
It makes me feel alive  
Turning all pages  
I must be courageous  
Born to be a human fire  
Whoa, oh  
A human fire

What's a life in a gilded cage?  
What's a dream when it doesn't fly?  
I woke up in a pile of rage  
When I realize that my life was fake

I'm dancing with danger  
Walking on razors  
It makes me feel alive  
Turning all pages  
I must be courageous  
Born to be a human fire  
Whoa, oh  
To be a human fire

Gotta go, I gotta get out of here  
Hey, hey  
I gotta go, I gotta get out of here  
Hey, hey

I need to feel the need to breath  
Need to be real to be alive

I'm dancing with danger  
Walking on razors  
Oh, it makes me feel alive  
Been turning all pages  
Need life to be outrageous  
Born to be a human fire

I'm dancing with danger  
Walking on razors  
Me, a human fire  
Whoa, oh  
A human fire
