

# Man In The Moon

Wig Wam

Theres nothing I can conceive  
Can't help it I borrow or steal  
Oh god I feel so ashamed  
I am the one to be blamed

Still waiting for the last train  
To take away my pain  
Is this the faith I will face  
I'm longing to feel your embrace

Black bird has flown  
My baby is gone  
I'm singing my song out of tune  
Torture and pain  
Are calling my name  
I'll be by the man in the moon

Why I heaven face the next day  
When my love is miles away  
I kissed the ground that you walk upon  
Please change my heart of stone

Black bird has flown  
My baby is gone  
I'm singing my song out of tune  
Torture and pain  
Are calling my name  
I'll be by the man in the moon

Take me away from here and out of misery  
I had a danger i can stand  
This isn't what i planned but the only thing i see  
Now i will play my card to be or not to be

Black bird has flown  
My baby is gone  
I'm singing my song out of tune  
Torture and pain  
Are calling my name  
I'll be by the man in the moon

Black bird has flown  
My baby is gone  
I'm singing my song out of tune  
Torture and pain  
Are calling my name  
I'll be by the man in the moon.
