

Baby Girl

Wiki

Look look look baby I know
I been away
But I'm coming to your door where I'ma stay
Where you at's my home baby that's where I lay
I'ma hang with my baby girl today
Look look look baby I know
I been away
But I'm coming to your door where I'ma stay
Where you at's my home baby that's where I lay
I'ma hang with my baby girl today
And just chill

I don't wanna think about the World today I might kill
I'ma chill with my baby girl

Why you so sweet?
Why you so heat in the sack?
Why you always squeak when I eat that ass?
Jheez you leave me weak in them slacks
Look at that ass in them baggy ass pants
Baby how you do that?
I gotta speak to you ask
How do you do?
What'd you learn in school?
What food are you cooking for me boo?
Yo we met getting fucked up together
But then you stopped with me when I fucked up my liver
I'm a fuck up and bitter
But then you strut up with glitter
So fine I'm like fuck it I'm with her
So divine that I feel it in my spine
Rewind wanna make it all better
"Yeah whatever pat"
I never actually thought that I'd ever have
One shorty never pass
Never act on any other shorty
Nah never that
I pick you over getting smacked and getting cash
I stick with you forever that's forever facts
When you ass naked and you laugh
And I laugh damn gotta let it last

Look look look baby I know
I been away
But I'm coming to your door where I'ma stay
Where you at's my home baby that's where I lay
I'ma hang with my baby girl today
Look look look baby I know
I been away
But I'm coming to your door where I'ma stay
Where you at's my home baby that's where I lay
I'ma hang with my baby girl today
And just chill

She like it when I grab her neck
I like when she grab my chest
During and after sex

And it's hairy ma
She like a fairy I'm
Just like a leprechaun
Her fam on some upper echelon
Next to her moms
At supper aunt on some next shit
But she don't flaunt to the next bitch
She humble dam
Even with that bubble butt up in her pants
Even being the prettiest one to step into the dance
Let me tell you my stance
Before you dip out with your friends and I can't
Give me this dance and I won't let go
Ain't no way in hell I'm taking that chance hell no
I'll cover your head when they throw elbows at the shows
And I'm stuck to you boo like velcro
And you good with them tools to need your help though
Baby girl go put up that shelf slow
I'll take out the cat shit after we make out in bath's it's
Amazing baby girl let's go!

Look look look baby I know
