

Never Know

Wiki

Faker, faker, faker
Saying oh, I'm a hater, know I'm in your favor
I'm a lover but a motherfucker
They don't make 'em like me since my mother gave me all my flavor
Uncle made me tougher, pops made me a cusser
But still capable and able
Faker, faker, faker
Saying oh, I'm a hater, know I'm in your favor
I'm a lover but a motherfucker
They don't make 'em like me since my mother gave me all my flavor
Uncle made me tougher, pops made me a cusser

What was on the table?
It was orange juice, cream cheese, and bagels
[?] shit
Not Swishers it was dutches with some sour shit
Now it's punches with some powder shit
Don't know what it is
Don't know what it is, but I'm gon' take it
Don't know if I want it, but
I already did it, don't know if I'll make it
Ain't that some shit? Ain't that something?
Hmm, I guess that's just the way it is
And I never wanted, not for you
The shit to happen the way it did

And now we'll never know, know, know, know
And now we'll never know
And now we'll never know, know, know, know
And now we'll never know

She tried to end it too
I can't be that mad, I tried to bend the rules
Said no brown liquor, but I kept sipping
But when I sipped clear I was set-tripping
On old Jame-O and Remmy too and Henny too
I love 'em like Betty Boop, send me a [?]
Thought I was settling, I'm sitting here selling the blues
To whoever listening, all eleven of you
Need to get back to the facts, to telling the news
Half of the crap I spew, who is relevant to?
My ex and friends I have left, my relatives too
I guess, they probably just as fed up as you
Looking like it's time for me to get up and move
Could've been my time but feel like I was set up to lose
But all this shit is just a lie, I ain't telling the truth
Every time I say it why there ain't a pellet of proof?
Where I'm gonna go? The city mine
From every bench to every building in the city sky
When I was swizzed and high, only time I was vilified
Can't be illegitimized, where the savage is civilized
Uh, the city what Wiki epitomize, the kid is solidified
