Wiki

Yeah

If you felt like I felt, you'd get why I don't get dressed up
To get up on stage I swear wear sweats up on stage
Still get felt, yup
Cause of the spit that I dealt up
I'm on Delta flight back to the Mecca
Yeah right back to the center
Dogs and dutches, not double-deckers, I'm not visiting
It's my home that you living in
Home town distancing itself for me to more home grown missions
I be spitting em for the simpletons
Basically the bigger I be getting for 'em
Make me not want to go back the drama hold that
If I had known that now I would've told that
My old self would go and smack my current self
New York til we old cats
And I would've had to told back
Man I been around the world, I don't know Pat
It's just how I feel, I promise you it's real, I hope you know that
I hope you know Pat, God damn
I become a man when I look in the mirror
I can't hear you I'm damaged I look like De Niro
What character shook, fuck, fuck
What am I? A pharaoh, a crook, a kid
I live in fear and a tear
But then I got beer drippin' down my beard
How you explain that
Sun showers, gun powder comin' out my face, facts

Hello, I'm back from the wrong side
Completely incomplete and whole
I see that the leaves have fallen
I see the light still in your eyes

Light L's, make it glow, it takes a toll
On my health, melt, make it snow when I scrape my skull, dandruff
Bitches can't stand it, I'm made a mold
Might as well be the patron saints of hating hoes
Next second sexin, makin love to this angel though
Isn't it perplexin, switch of a second, I change my tone
I guess addressin that question that's what make me grown
Got a wifey at home and I made it known
Cats with their chin up, man you made of bones
Bellies and brains, ya'll get bodied, bellied with pain
Shits garbage, cat on Canal tried to sell me the same
I ain't stupid, can't tell me to change, I won't do it
Heard HOV, song 2, Know it ain't true
But I know I will never change
I'll forever blame teach, cops, guns for my problems
All of 'em til they solve 'em when it rains
When it rains, I blame the weatherman can't explain
Nah it don't make no sense
That's exactly why I never change
(That's exactly why)

Hello, I'm back from the wrong side
Completely incomplete and whole

I see the light still in your eyes

Thinking bout the game like I'm lil was my day at the park
Every second that I play getting paid
Begging mama to stay, begging mama to stay
Thinking bout the game like I'm lil was my day at the park
Every second that I play getting paid
Begging mama to stay, begging mama to stay
Thinking bout the game like I'm lil was my day at the park
