

## Amazon Standing Lamp

Wilbur Soot

Hi, it's been a while  
Oh, I can stop on by  
I wonder if you'll hear this when I'm done  
It's gonna be a lot more till I'm gone  
Waste inside my mind  
Bloodshot eyes and empty sheets  
It's all downhill, 2013  
Ostentatious, Austin, Texas  
I get so drunk I can barely see  
Hit me now before this gets too cute  
Don't make me beg in this hotel room  
You'd think it'd get a lot easier without you

But you were right  
There's so much shit inside my mind  
I must confess the second time  
A lot of friends have left my life  
Escaping my tractor beam of woe  
One small kiss and off they go  
Crying in deep vibrato

Midday missionary  
Midnight loathing  
Midnight cowgirl  
Morning smoking

Me and my girl could go on high  
My girl's the world, she fucks my life  
A top-heavy Amazon Standing Lamp's  
The only light left in my life  
A top-heavy Amazon Basics Standing Lamp's  
The only light left in my life

(No, no you won't get nothing)
