

Better When I'm Gone

Wilco

If it was up to me, I would say goodbye right now
Put you on a shelf and show you off somehow
I can't believe what my eyes just saw
Honey babe, why don't you take it all?

Maybe you'll like me better when I'm gone
Maybe you'll like me better when I'm gone
When I'm gone

If it was up to me, I would tear the whole thing down
Take you off the shelf and pass you all around
I can't believe what my eyes just saw
Honey babe, why don't you take it all?

Maybe you'll like me better when I'm gone
Maybe you'll like me better when I'm gone
When I'm gone
