

# Evicted

Wilco

Oh I can take a joke but  
My clothes are all soaked  
It's too late to be unclear  
I'd laugh until I'd die  
If it wasn't my life  
If it wasn't me in the mirror

Am I ever going to see you again?

Maybe I'm a whistle on a lonely old train  
I'm crying all the time  
Listen to the sound getting further away  
Fading deep  
Into the night

Am I ever going to see you again?

I'm evicted  
From your heart  
I deserve it

Black against the shade  
Shadow lovers embrace  
I look away, I look away  
They say heartache  
Always fades  
I look away, I look away

I'm never gonna see you again

I'm evicted  
From your heart  
I deserve it

Oh I can take a joke but  
My clothes are all smoke  
It's too cold to be unclear  
I'd laugh until I'm old  
If it wasn't my life  
If it wasn't me in the mirror

I'm never gonna see you again

I'm evicted  
From your heart  
I deserve it  
I'm evicted  
From your heart  
I deserve it  
I deserve it  
I deserve it
