

## Please Be Wrong

Wilco

Please be wrong  
About everything  
Gettin' you down  
Let it be misunderstood  
One word  
One word misheard can change  
The whole wide world

Please be strong  
When I am weak  
And weighin' you down  
Let me be someone good  
You deserve  
Someone good  
We were on the verge  
Of something beautiful

Throwin' my heart in the ring  
Watchin' it beat  
For no one  
No one but you  
No one but you  
No one  
But you

Please be wrong  
About me  
Bein' the one  
Causing all of your pain  
I can change  
We were on the verge of something  
So beautiful

Please be wrong
