

# Mockingbird

Wild Belle

Caution, he dangerous  
But my sweet little honey got away  
Stop him the road is blocked  
But my sweet little honey not to blame

It's a mystery, where did he go  
He disappeared, nobody know  
Dead or alive, you can't take my baby  
Away from me

Mockingbird  
Don't you knock on my door  
You say goodbye, goodbye  
Now I'm a one man show  
Mockingbird  
Don't you knock on my door  
You say goodbye, goodbye  
Now I'm a one man show

Yow! I'm not a two-face ninny  
I'm not a puppet, I'm not a clown  
It's just a misdemeanor  
They wanna throw him in the big house

Goin' to a place where I belong  
Goin' to a place I call my home

Mockingbird  
Don't you knock on my door  
You say goodbye, goodbye  
Now I'm a one man show  
Mockingbird  
Don't you knock on my door  
You say goodbye, goodbye  
Now I'm a one man show

Mockingbird  
Don't you knock on my door  
You say goodbye, goodbye  
Now I'm a one man show  
Mockingbird  
Don't you knock on my door  
You say goodbye, goodbye  
Now I'm a one man show
