

Anna Maria

Wild Child

I'm waiting for the sun to rise
I find my baby back home tonight
It's been three days
I'm on my way
I don't know how long
I can wait

I swear I didn't mean any harm to you
She didn't mean a thing to me I promise you
Her name was Anna Maria
And she was a dreamer
But I still missed your...

Babe
Since you've been gone a couple things have changed
I'm not sure what that means my heart's just rearranged
His name I don't remember didn't mean that much to me
All the same before you get here darling I think I'll leave

And who could forget you
All alone in your room
Keeping your chin up and my shirt on
Yeah you know it's all my fault
Can't forget that we both lost you
Can't wait just know that baby you're wrong

Wait
Thinking I'd like to have a word with you
I can remember all our plans that we said we would do
Leaving here is all that I can dream to do these days
I could think I'm sorry dear but it's not something that I'll say

I hound at the walls try'na take ya back
I can't believe how far we've come and you just can't forget
I told you once that baby I had made mistakes before
Hold my breath and both our hearts till you walk through the door

And who could forget you
All alone in your room
Keeping your chin up and my shirt on
Yeah you know it's all my fault
Can't forget that we both lost you
Can't wait just know that baby you're wrong

I'm waiting for the sun to rise
Searching for a place to rest
And way to close my eyes
Time will tell if we will ever meet again my dear
Until then just rest assured that maybe I'll be right here
