

Magic

Wild Cub

I used to drive a little of my heart
I was a live wire whipping in the dark
Now I wake up trying just to feel someone
That distant thunder now

I can feel now
Can feel you coming out
I want to feel that fire now
Want to know it is real
I can't see now
In darkness all around
I want that fire, fire
Keep it coming out

I don't wanna let you go
I wanna hear you say it
I wanna hear it from the bottom of your lungs
I won't ever know unless I hear you say it
True words are fire, fire

You're not alone out there, I got your letter
And with every word I felt so much better
I wonder sometimes, do you know that I
Feel lost and lonely like you? I do, and

I can feel now
Can feel you coming out
I want to feel that fire now
Want to know it is real
I can't see now
In darkness all around
I want that fire, fire
Keep it coming out

I don't wanna let you go
I wanna hear you say it
I wanna hear it from the bottom of your lungs
I won't ever know unless I hear you say it
True words are fire, fire

Run, run, run, run, run
Run, run, run, run, run
Now true words are fire, fire
Run, run, run, run, run
Run, run, run, run, run
Now true words are fire, fire
Run, run, run, run, run
Run, run, run, run, run
Now true words are fire, fire
Run, run, run, run, run
Run, run, run, run, run
Now true words are fire, fire

I don't wanna let you go
I wanna hear you say it
I wanna hear it from the bottom of your lungs
I won't ever know unless I hear you say it

True words are fire, fire
True words are fire, fire
True words are fire, fire
