

## Blue Wings

Wild Nothing

Half a mile to leave the ground  
Our days like silk all spun around  
You catch me close  
One inch of the cosmos  
Where you're never alone

Blue wings to lift me up  
(Heartbeat stops, you lift me up)  
Under the wire comes my love  
(Heartbeat stops, you lift me up)  
Blue wings to lift me up  
(Heartbeat stops, you lift me up)  
Under the wire comes my love  
(Heartbeat stops, you lift me up)

All my fears in a steam room stall

I sweat and sweat 'til I've had enough  
Till I'm infrared  
Till our horse comes out ahead  
And my chest is full

Blue wings to lift me up  
(Heartbeat stops, you lift me up)  
Under the wire comes my love  
(Heartbeat stops, you lift me up)  
Blue wings to lift me up  
(Heartbeat stops, you lift me up)  
Under the wire comes my love  
(Heartbeat stops, you lift me up)
