

## Dial Tone

Wild Nothing

Bored in the backseat  
Refreshing my feed for the hundredth time  
Oh, dear  
I'm all caffeine and blood like syrup  
My focus fades away

I don't need to know  
Everything you've been up to  
I just need to hear  
You tell me, "I want you"  
Eh-eh, eh  
Eh-eh, eh

Love, love is a cloudy word  
Whenever you're away  
Kissing the dial tone  
In your, in your dreams I, I always leave you  
Nothing could kill me more

I don't need to know  
Everything you've been up to  
I just need to hear  
You tell me, "I want you"  
Eh-eh, eh  
Eh-eh, eh

I don't need to know  
Everything you've been up to  
I just need to hear  
You tell me, "I want you"  
Eh-eh, eh (Tell me, "I want you")  
Eh-eh, eh (Tell me, "I want you")
