

## Golden Haze

## Wild Nothing

Wild heart surrender to me  
What does it take to be like you?  
Golden haze, hold out for days  
Haven't seen, you haven't seen anyone

Beautiful one  
I wanna know what you are  
Beautiful one  
I wanna go where you are

Wild heart surrender to me  
What does it take to be like you?  
Golden haze, hold out for days  
Haven't seen, you haven't seen anyone

Beautiful one  
I wanna know what you are  
Beautiful one  
I wanna go where you are
