Sleight of Hand

Wild Nothing

Change of view
Sleight of hand
No vantage point unseen
I've been trying new cards
Chasing wind in the sand
Resolution enhance

Let me self-indulge
(Uncondition, unconditional)
Barking up the wrong tree
(Uncondition, unconditional)
The scenery melts
(Uncondition, unconditional)
And there's no one to stop me
(Uncondition, unconditional)

I see you
Perfectly
In a life I've only dreamt of
When crying in the viewfinder
With the Vaseline lens
If it looks real then it is

Let me self-indulge
(Uncondition, unconditional)
Barking up the wrong tree
(Uncondition, unconditional)
The scenery melts
(Uncondition, unconditional)
And there's no one to stop me
(Uncondition, unconditional)

Let me self-indulge
Barking up the wrong tree
The scenery melts
(Uncondition, unconditional)
And there's no one to stop me
(Uncondition, unconditional)
