

Hall & Oates

Wild Party

Hall and Oates: Green Day but the good stuff only Heaven knows
Forget-me-nots and marigold
I'm coming home
Like Ozzie to his momma
Only Heaven knows

Didn't work out 'cause you missed it
I get it
And now you won't admit it
Clear your head and put that needle to the groove

And let it all flow straight to my head
Lucy Diamond break out the lead
Getting by with friends from the dead
Sympathize with those who are bred on the sanch

Stacy's mom (Stacy's mom)
(Metal soft)
Heavy metal drummers gotta learn this song
(Ah, ahh-ah, ah, ah, ah)
You change the chords the show goes on and on and on
(Heavy drums, cloudy loft)
We're staring at the sutures
Yeah we're fighting over future points of view

Didn't work out 'cause you missed it
I get it
And now you won't admit it
Clear your head and put that needle to the groove

And let it all flow straight to my head
Lucy Diamond break out the lead
Getting by with friends from the dead
Sympathize with those who are bred
And everyone's like saddle up, settle down, pony up, simmer down
Watch me take a whirl around
I gotta polish it, no mistakes, featherweight, meditate
Momma take it all the way

All that you've been searching for lives within us all
All in all, people wanna love what makes you who you are (who you are)
It doesn't have to be that hard but here we are
And everyone's invited to the party in my yard

And let it all flow straight to my head
Lucy Diamond break out the lead
Getting by with friends from the dead
Sympathize with those who are bred
My men they came from prior decades
Good songs live on from the grave
And let it take you back to the days
Nothin' mattered anyways
And everyone's like saddle up
(La-da-da, la-da-da, da-da-la-la)
Settle down (hey)
Pony up, simmer down
Watch me take a whirl around

I gotta polish it, no mistakes, featherweight, meditate
Momma take it all the way

(La-da-da, la-da-da, da-da-la-la)
Momma take it all the way
Ay-ay, ay-ay
