

## Howling

Wild Rivers

All day we wait  
Just to go back to the places that we know  
Light grey, day breaks  
Over my head and pouring down my throat

Ooh, oooh  
Howlin' out here for the morning light  
I can't sing no more  
Ooh, oooh  
Coming on the dark we can lose our sight  
What I gotta do this for?

Same bar, set high  
Burning it up like whisky to a fire  
I'd close my eyes  
But I ain't going out like this tonight  
I ain't going out like this tonight

Ooh, oooh  
Howlin' out here for the morning light  
I can't sing no more  
Ooh, oooh  
Coming on the dark we can lose our sight  
What I gotta do this for?

Running me down to the last round  
Running me down til the well runs out

Ooh, oooh  
Howlin' out here for the morning light  
I can't sing no more  
Ooh, oooh  
Coming on the dark we can lose our sight  
What I gotta do this for?

Ooh, oooh  
Howlin' out here for the morning light  
I can't sing no more
