

# Love Gone Wrong

Wild Rivers

Say what will you bout  
This old house  
This couch you bought for cheap  
We got what we built there  
Let in cold air  
From the cracks we don't see

Three years blow by round this snow fort  
Now there nothing, left to show for

It's like laughing til you can't breathe  
Tripping on your own feet  
Dancing to a heartbreak song  
It's like love gone wrong  
Trusting what you can't see  
Try it but it ain't free  
It was fine until you came along  
Now its love gone wrong  
Love gone

Tried to make sense of  
All the best stuff  
And all the rest that comes  
Well it's good for some sad songs  
Swear this is the last one  
I know we got enough

And I know I'm sounding awful jaded  
Just a shame this thing got wasted

Like laughing til you can't breathe  
Tripping on your own feet  
Dancing to a heartbreak song  
It's like love gone wrong  
Trusting what you can't see  
Try it but it ain't free  
It was fine until you came along  
Now its love gone wrong  
Love gone

Love gone wrong  
Love gone wrong

Love gone  
Love gone  
Love gone  
Love gone

Like laughing til you can't breathe  
Tripping on your own feet  
It was fine until you came along  
Now its love gone
