

# Moving Target

Wild Rivers

Pick up the phone  
I'm comin' in strong and soft  
I know you're at home  
Hell, did I scare you off  
Hiding alone, I know you  
Gotta get gone, I'll be home soon

Now I'm stuck here in this bar  
In Peterborough or Moosanee  
And it's hard enough to reach you  
Don't treat me like an enemy  
And I'm hiding in the night  
Selling four chords and my heartache  
While you're a moving target  
Are you too far departed?

Caught in a room  
But you ain't resting  
Try to get through  
Waitin' on connection  
But who's voice will I hear, if you pick up?  
Cause it ain't so clear, are we out of touch?

Now I'm stuck here in this bar  
In Peterborough or Moosanee  
And it's hard enough to reach you  
Don't treat me like an enemy  
And I'm hiding in the night  
Selling four chords and my heartache  
While you're a moving target  
Are you too far departed?

A hoo...  
A hoo...  
A hoo...  
A hoo...

Now I'm waiting by the phone  
And I'm cursin' at the clock  
Can you stay up and let me in  
Have you changed all the locks?  
Don't you treat me like a stranger  
Can I talk to you unguarded?  
Cause I ain't comin' home yet baby  
So now who's the moving target

A hoo...  
A hoo...
