

Settle Down

Wild Rivers

When I met you it was Summertime
You had a story and I had mine
I didn't care if you changed your mind
I was coming from a long line of
Almost forever, now or it's never
To settle down
Settle down

And one night turns into
Four months turns into
Please don't change your mind

Well, come any closer, you'll
Be a part of me
And I'm nowhere near
Where I thought I'd be
Hanging out, in the morning
Looking out, and it's pouring
Stick around cause I'm all in
Falling like rain for you

I was living in the moment
I was coming I was going
We fell before we noticed
Asleep there on my shoulder

Now four months turns into
Real life turns into
We won't change our minds

Well, come any closer, you'll
Be a part of me
And I'm nowhere near
Where I thought I'd be
Hanging out, in the morning
Looking out, and it's pouring
Stick around cause I'm all in
Falling like rain for you
Falling like rain for you
Falling, falling

Hanging out, in the morning
Looking out, and it's pouring
Stick around cause I'm all in
Falling like rain for you
