

## Already Loved

Wilderado

Oh my, I remember what I did that day  
Save a moment up sometime, you can pull it out  
Unholy daylight  
I can see her, but my eyes are shut  
Things about you come and go  
Now they're starting to prompt me

Fuck it if you say I ain't ever been there  
I already know that I loved

Downtown there's a sticker and he's stuck on you  
You're everything I smelled before  
Maybe in a year or something  
Two days is a long time to be running clean  
I don't think I understood that I'd meet somebody

I don't mean to call  
I don't mean to doubt you  
I don't mean to leave  
I don't mean to love  
How can you stay then refuse to hold me?  
All that I can say is, "I don't know"  
Now he's coming home  
Maybe he should fight me  
Darling, you should know that I don't care  
If everything they say about me's true  
I'd do it again

I can finally see I will never hold you  
That's ok, I already loved  
I already loved  
I loved you
