Favors

Wilderado

All my favors, I've run out of favors
Out in the open, I'm heavy as the ocean

Oh the town has turned, turned itself against me
But all the people they smile, smile so sweetly

I'm safe when you come along
I'm safe
I'm safe when you come along
I'm safe

All my favors, I've run out of favors
All my favors, I've run out of favors
All my favors, I've run
Run out of favors
