Wilderado

You said that you believe in leaving
I do too
You said that you don't need a reason
You just want to

I've been driving down the westbound
I've been looking for a place to take my money
I could really use a friend
I've got time
And I wanna waste it on somebody

I would like to meet my maker
If she's around
Send me up the elevator
Tell her I'm heaven bound

I've been driving down the westbound
I've been looking for the land of milk and honey
I could really use a friend
I've got time
And I wanna waste it on somebody

Well there's really not much to say
That you don't already know
Give me one good reason to stay
And I won't go

Well there's really not much to say
That you don't already know
Give me one good reason to stay
And I won't go

I've been driving down the westbound
I've been looking for the land of milk and honey
I could really use a friend
I've got time
And I wanna waste it on somebody
