

# What Were You Waiting For

Wilderado

What was I waiting for  
Was it this?  
Like the rain that pours  
Take the stairs down to the sea  
You let your hair down just for me, darlin'

I followed Milo round through the mist  
Another English town  
And a coffee at the cafe  
Stopped in Whitby, Robin Hood's Bay

Do you love me?  
Do you want me around?  
Can you hold both my feet to the ground?  
While I'm floating down the freeway  
Slow motion's never easy

What was I waiting for?  
Was it this?  
Like an open door  
And a chance to finally see  
The fall in Tulsa on Halloween, darlin'

Do you love me?  
Do you want me around?  
Can you hold both my feet to the ground?  
While I'm floating down the freeway  
Slow motion's never easy

Do you love me?  
Do you want me around?  
Can you hold both my feet to the ground?  
While I'm floating down the freeway  
Slow motion's never easy

What was I waiting for?  
Was it this?
