

# Dance Now

Wildlife

Do you ever run through the city at night  
What separates you and your life  
And if they come between us  
This is how we dance now

You can move your feet and shake your fist  
Nothing in control but some chemical bliss  
And if they come between us  
This is how we dance now  
And if they come between us  
This is how we dance now

Wild and free for nothing  
Howling all the night  
I'll be gone with the morning on my shoulder  
Crossing over  
Always in the light  
Always in the light

Let's sing a song for friends that are gone  
One last rush for the champion dogs  
And if they come between us  
This is how we dance now  
And if they come between us  
This is how we dance now

Wild and free for nothing  
Howling all the night  
I'll be gone with the morning on my shoulder  
Crossing over  
Always in the light  
Always in the light

All we are  
All we are  
All we need  
All we need

All we are  
All we are  
All we need  
All we need

Nothing can come between us  
Nothing can come between us  
This is how we dance now  
Nothing can come between us  
Nothing can come between us  
This is how we dance now
