

I love it when I do that, I'm in over my head
Got a hot date with death, I'm in over my head
По уши в дерьме, я по уши в дерьме
Ты по уши в дерьме, мы все по уши в дерьме

I'm a monster, I'm the leader, 16.9 ounces is a half-liter
Two wheels on my tongue, honey, gimme some freedom
Tell me, I am still breathing? Make sure that I am still breathing, okay?
Life is all about breathtaking moments like this
Head is in the clouds, this is a final kiss
Follow the people, y'all don't know the real truth
We are like animals, at least we had an excuse
We have nothing to lose, there are sins we can't refuse
We didn't expect the end is coming really soon

I love it when I do that, I'm in over my head
Got a hot date with death, I'm in over my head
По уши в дерьме, я по уши в дерьме
Ты по уши в дерьме, мы все по уши в дерьме

I don't give a fuck
I don't give a fuck
I don't give a fuck
I don't give a fuck

I really don't understand breaking bad is that the plan?
Does life have a higher meaning? It goes through fingers like sand
I don't care what life's about, just one more shot, and I am out
Just one more shot, and I am out

I don't give a fuck
I don't give a fuck
I don't give a fuck
I don't give a fuck

I love it when I do that, I'm in over my head
Got a hot date with death, I'm in over my head
По уши в дерьме, я по уши в дерьме
Ты по уши в дерьме, мы все по уши в дерьме
I love it when I do that, I'm in over my head
Got a hot date with death, I'm in over my head
По уши в дерьме, я по уши в дерьме
Ты по уши в дерьме, мы все по уши в дерьме

I don't give a fuck
I don't give a fuck
I don't give a fuck
I don't give a fuck

I love it when I do that, I'm in over my head
Got a hot date with death, I'm in over my head
По уши в дерьме, я по уши в дерьме
Ты по уши в дерьме, мы все по уши в дерьме
