Make money while you can breathe  
Take the money  
You need that shit  
Make a future if you got a big cock  
Feel the life  
And you know it's gonna rock  
Make money while you can breathe  
Take the money  
You need that shit  
Make a future if you got a big cock  
Feel the life  
And you know it's gonna rock

Feel the life every day  
Every day feel the end  
Feel no pain  
Feel the life every day  
Every day feel the end  
Feel no pain

D.O.I.T  
Making money dreams come true  
D.O.I.T  
Every day try something new  
D.O.I.T  
Spending cash you feel alive  
D.O.I.T

If you hear something that you don't like  
Spit in their face  
Spit in their face  
(Once again)  
You're the boss of your fucking life  
Spit in their face  
Spit in their face  
And I feel the life  
And I feel my precious time  
And I'm breathing  
And I'm breathing  
And I'm breathing

Feel the life every day  
Every day feel the end  
Feel no pain  
Feel the life every day
