

Lost

Wildways

There are two parts of me, so now it's like a war
I've never seen God to ask him what I'm looking for
I've never seen the rules, I try to play this game
So what is your name? I'm meeting doomsday
But I still don't know to whom do I pray
This can never reform mankind 'cause this is slavery
You can't answer what you try to find, it's tragedy
Where have you been when I needed to breathe?
So where have you been when I needed to breathe?

I lost my faith somewhere inside, inside
I lose myself somewhere in faith, in faith

I came all this way for you
But I still don't know how you look
And I still don't know what I choose
Is that truth? Give me light, is that truth?
I've never heard any echo
They're all gone, they're all gone
There is no Hell, there is no Heaven
There is no life on the other side

There is no Hell, there is no Heaven
There's no life on the other side

I lost my faith somewhere inside, inside
I lose myself somewhere in faith, in faith, in faith
I lost my faith somewhere inside, inside
I lose myself somewhere in faith, in faith
