

City lost in the rain  
What is everyone talking about?  
It's just a mindless game, dead melody in my brain  
What is everyone talking about? What's everyone talking about?

Take a look around, ooh  
Look we all drown, yeah

Take a look around, look we all drown  
How can I, how can I escape from this sleep?  
You can't get away, we all have to pay  
We've seen it, we've seen it all in our dreams  
We've seen it all in our dreams

I never used to believe  
We don't need to know the truth, we are not free  
Nowhere to run now, nowhere to escape  
Only words that haunt me, haunt me

Take a look around  
Look we all drown

Take a look around, look we all drown  
How can I, how can I escape from this sleep?  
You can't get away, we all have to pay  
We've seen it, we've seen it all in our dreams  
We've seen it all in our dreams

How can I live one more day?  
I am fighting with myself  
How can I live one more day?  
I am fighting  
How can I live one more day? I am

Take a look around, look we all drown  
How can I, how can I escape from this sleep?  
You can't get away, we all have to pay  
We've seen it, we've seen it all in our dreams  
We've seen it all in our dreams

How can I live one more day?  
I am fighting with myself  
How can I live one more day? I am  
How can I live one more day  
I am fighting with myself
