

What you know about hell? Who said that is not real?
And I don't need any help, this is not my pill
No matter who we are, we're going up together
Writing our names on the stone forever
And we are on the way to the hall of fame
And now I feel like I'm becoming fearless

И я взлетаю вверх
И я взлетаю вверх
И я взлетаю вверх
И я взлетаю вверх
И я взлетаю вверх
И я взлетаю вверх, и я взлетаю вверх

It was just a bad dream, the future I have seen
That's not my way, and that's not my train, I gotta find another key
I wanna scream and shout 'cause I am different now
Don't wanna dream like you, like everyone around
I hope I'll find a way to be myself someday
Don't wanna dream like everyone

И я взлетаю вверх
И я взлетаю вверх
И я взлетаю вверх
И я взлетаю вверх
И я взлетаю вверх
И я взлетаю вверх, и я взлетаю вверх

No matter who we are, we're going up together
Writing our names on the stone forever
And we are on the way to the hall of fame
And now I feel like I'm becoming fearless
No matter who we are, we're going up together
Writing our names on the stone forever
And we are on the way to the hall of fame
And now I feel like I'm becoming fearless

И я взлетаю вверх
И я взлетаю вверх
И я взлетаю вверх
И я взлетаю вверх, и я взлетаю вверх
