

## Alot To Learn

Wiley

We've got a lot to learn  
So let me tell you what I've learnt so far and God knows I've got a lot more  
to learn  
(Wiley)

So far I've learnt to read and write  
Sneak through in life  
Draw gash, drive cars, ride powerbikes  
And I've learnt trust is a word I don't like  
'Cause I don't trust a soul my heart's too cold  
You can pree me, say you wanna R-O-B me  
You've got a lot to learn it ain't easy  
I can feel it in the air I'm like Beenie  
I see through your wifey drunk on Martini  
I'm at the top can you see me  
I'm B&D but I'm not from North Weezy  
I mean the badman 'dem from E3-zy  
In my ends, you can buy a key-zy, twenty three G  
That's possible yeah come and see me  
I'm the real snowman not young geezy  
I've been a top shotter, you've been the top shotter  
You ain't seen dough like me and Slimzee  
8 plus connect the light pick pickney  
Why am I so smart I've got the drive and the [?] stored with me  
You can't mess with me, even though I'm low don't diss me  
I can be a meanie, don't sit around all day tryna read me  
If you do that you've got a lot, to learn  
That's what I think anyway

You know while we're growing up  
We think we know it all innit  
Don't get me wrong humans are smart  
But we've still got a lot to learn  
We'll be learning to the day we die  
And when the older people try and talk to you  
You've got to listen, I know it's hard to listen innit  
No one really listens but  
As you get older, you find out they was right anyway

So far I've learnt how to break the law, drink champs  
Learnt about guns, I've learnt about shanks  
In a dance I won't try to skank no  
It's so natural, the gangsters skank  
The phone's ringing and it might be a prank but  
I can't say nothing I used to do pranks  
You wanted to buy shells, instead you bought blanks  
Lemon Camp don't use blanks  
Kids know they've got a, lot to learn  
Make the same mistakes twenty times you still ain't learnt  
And when it's your turn to face the hour of darkness  
Then you wished that you learned  
Experience pain as an element, that leads to strength depends if you've used  
it  
I've got a talent sure I do use it, you've got talent blud you better use it  
It's been time, I don't wanna do time but if I act up publicity's mine, some  
one's talking, my ears still burn  
Truth is blud it's always my turn

And until I say no to the mic, no to producing  
I'm a convicted star it's been proven  
Watch me doing my magic it's an illusion  
Wiley's a mover, I'm moving

Roll Deep, Roll Deep, Roll Deep, I know everyone always asks  
What's going on with Roll Deep  
Roll Deep we're cool, we're just learning  
Like I said we've all got a lot to learn  
Big up the whole family  
Even though everyone's in different  
Formations, different people are together  
We're not always together but that's nothing  
Roll Deep forever trust me
