

At the Beginning

Wiley

Yo, this is Tunnel Vision Volume 3
This is Eskiboy, I just wanna tell you, like
In the beginning, it seems like a nice place, the world like
But as you get older, you realise it's not as nice as you thought
And from the day you're born, to the day you die
You search for the things that make you happy
And then we go against each other just to get further
Just to get ahead, like greed, jealousy, envy
That's usually how we come to the end of our road still
End up dead or like, we end up in jail doin' time
And for what?
Ask yourself
