

I had to give and take just to find that balance
Now we give and take because that's less hassle
Really and truly you're my best friend
'Cause I know you're gonna love me right to the end, I'm sure
We got substance in our lives but I'm looking for more
It's not good when relationships turn into a chore
Can't be in the same house, you wanna be away
I won't turn around if you slam that door

Hold me close, you're mine
You know I love you already, so please don't waste your time
Oh my
I ain't going nowhere
Make it good to go back because without you I would lose my mind
My mind
My mind

I had to give and take just to find myself
Keep going like a madman when I should be checking on my health
Really and truly the love's still there
So why you wanna walk around the place like you don't care?
We've been wondering if it's cool, babe, for the whole year
Since the night I came home late and you weren't there
I don't know if it's worth me staying
'Cause we gotta grow, girl, so we gotta stop this playing

Hold me close, you're mine
You know I love you already, so please don't waste your time
Oh my
I ain't going nowhere
Make it good to go back because without you I would lose my mind
My mind
My mind
