Be The One

Wiley

Yeah, Eskiboy

Boy, I think I need somebody you know
Hoping you'll be the one
I know, you need somebody you know
Hoping I'll be the one
Boy, I think I need somebody you know
Hoping you'll be the one
I know, you need somebody you know (Yeah, you know me I'm confident with the flow)
Hoping I'll be the one (Yeah)

I know she likes me really
We've made a connection
Without trying I've shown her affection
Deep down she knows I'm a good person
She knows I'll watch out for her, won't stop out on her
If we got kids, I won't drop out on her
Just me and you then, tell me you want it to be just me and you
Don't like to me 'cause I'll see right through you
You just be a good girl when you beside me
We speak the whole night through
And we both know it, you saw right too
I'm going away, I wanna invite you
Not too far, just some where hot 'cause
I need a break like you
I wanna lay down in the shade with you

Boy, I think I need somebody you know
Hoping you'll be the one
I know, you need somebody you know
Hoping I'll be the one
Boy, I feel I need somebody you know
Hoping you'll be the one
I know, you need somebody you know and you're hoping I'll be the one

Listen, please don't ask me about my ex because she's in the past and I'm leaving the past behind
The love's gone and I'm searching for a new wifey
You're not a mystery girl no more
You're on the way to be Wiley's wifey
Kylea's not like that
I'm taking wifey's
If she's choong and single then make her wifey
I've got time for you girl and it's unlikely
For me to have time, I ain't got girls on my line
I've got a couple friends who ring me sometimes (Yeah, yeah)
Female friends, so don't get jealous, she's my friend
You probably know her
Yeah she's cool, she comes from the ends

Boy, I think I need somebody you know
Hoping you'll be the one
I know, you need somebody you know
Hoping I'll be the one

Boy, I feel I need somebody you know
Hoping you'll be the one
I know, you need somebody you know and you're hoping I'll be the one (I'll b
