

You are cer-certified, yeah  
You are cer-certified  
I-I, I-I think, I-I  
Found, found my ride, ride or die  
Cer-certified, oh yeah

Sunny afternoon, I was chattin' to her  
She didn't really care about the bigger tings  
'Cause the smaller tings in life are what really matters to her  
Took her number, couldn't wait to make it back to her  
Baby girl, would you come on this cruise with me?  
You make me laugh, everyday you're amusing me  
I kinda know when I bump into a wifey  
I gotta think about keeping her beside me  
Strolling through the park, everyting fresh  
High street flexing, the cards are on deck  
Label can't get at me 'cause I don't want a check  
And she's looking like the flyest girl I've ever met  
Spending time with her standard  
And of course, I wanna show her off-standard  
We both working every day 'round the clock  
She hit the spa and go and get herself pampered

Swear that you are cer-certified, yeah  
You are cer-certified  
I-I, I-I think, I-I  
Found, found my ride, ride or die  
Cer-certified, oh yeah

Baby been peng from day  
Baby been peng from morning  
Come, we go Port of Spain  
Come, we get lean till morning  
Ooh...  
Pree that, it ain't no joke, yeah, yeah  
Ooh...  
Gyal better know I'm sure, yeah, yeah

She talking like she wanna be lover  
She talking 'bout us living with each other  
Try a ting instead of running for cover  
But I've seen it causing headache to my brothers  
New job alert, now the industry is calling  
Communication is falling  
And we're not talking, talking no more  
Talking, talking no more

Swear that you are cer-certified, yeah  
You are cer-certified  
I-I, I-I think, I-I  
Found, found my ride, ride or die  
Cer-certified, oh yeah  
Swear that you are cer-certified, yeah

Cer-certified, oh yeah

We ain't really spoken in a couple weeks  
I ain't even seen you do a couple tweets  
Must be doing you, and I'm cool with that  
Might give you a hello if you call me back  
But I should keep it moving, I'm growing with it  
I'm gonna wait until you call me and roll with it  
You can tell me if your head is in a mess  
We ain't gotta worry, girl, life is a test

You are cer-certified, yeah  
You are cer-certified  
I-I, I-I think, I-I  
Found, found my ride, ride or die
